

# Red Bug Slough Preserve Cleanup

On May 7, 2016 a dozen Friends of Red Bug Slough Preserve shared the morning cleaning up the Preserve. We found lots of plastic bags, some wood, a tire, a blanket, and a laundry basket full of books. It was a beautiful morning and it felt good to leave The Bug so much cleaner than we found it. The cleanup was organized under the auspices of Keep Sarasota County Beautiful. Red Bug Slough Preserve was adopted by the Friends and will be cleaned up on a quarterly basis this year.

The Friends getting ready

Ronnie, Gerold and Jerry
