

Sarasota Bay Estuary Program – Bay Guardians

Air Potato Roundup February 27, 2016

Hosted by Around the Bend Nature Tours, Science & Environment Council of SW Florida and Sarasota County Parks and Natural Areas Group

71 volunteers pulled 366 pounds of spuds in 2 hours! It was tricky as the park is so large, vines were dead, it took the "spud busters" a while to find the spud locations

Red Bug Slough Preserve is a 72-acre natural oasis in the midst of a suburban landscape

Removing exotic invasive plants restores native hammock, flatwoods, and swamp habitats
