

Quick Point Nature Preserve Cleanup

Nov 18, 2017

The Sarasota Bay Estuary Program Bay Guardians volunteer program engages people of all ages in ongoing efforts to restore and protect Sarasota Bay. On Saturday, November 18, 2017, about 40 Bay Guardians volunteers cleaned up Quick Point Nature Preserve on Longboat Key. Volunteers hauled out 768 pounds of invasive balsam apple and Brazilian pepper, 78 pounds of fishing nets, 3 pounds of land trash, and 4 pounds of recyclable trash.

Thank you Around the Bend Nature Tours and all of the volunteers for another awesome Bay Guardians event!
